---

ICG offers a unique experience through its CASINO ANGELS brand.

Our professionally trained dealers led by actual casino managers and casino standard gaming equipment have been well received and has set the new standard for such events in Singapore. Through word of mouth and enthusiastic recommendations from former clients, our services have been in demand constantly since our first job for Terrapin in November 2006.

Casino themed events have been the choice for charity fund-raisers in the USA.

Whether it's for charity or a party for friends, nothing beats the heart pounding excitement of real life casino action. You can bring that excitement to your next event with the help of Casino Angels.

Casino Angels can provide casino games, dealers and hosts that will make your guests feel like they are in a real casino. But of course there is no real gambling! Your guests play just for fun. And it is a lot of fun!
